STATE NRA BILL IS UPHELD BY **HOUSE VOTE**

Democratic Defenders Win Over Fighting Republicans

By Milburn P. Akers Associated Press Staff Writer.

Springfield, Ill., April 27.—(P)-Democratic defenders of federal recovery policies rallied in the house today and defeated a strong Republican effort to kill the administration bill for cooperation with NRA.

On a straight party vote, the bill was upheld, 67 to 50, after minority leaders denounced the NRA in three hours of oratory occasioned by a Republican motion to kill the measure by striking the enacting clause. Loyalty to President Roosevelt was

sked by the Democrats who amended the bill to comply with wishes of Governor Horner and then adjourned

Another Victory

It was another victory for the Horner administration, but one obtained by such a slim majority that considerable doubt exists as to the bill's future. As now drawn the bill contains an emergency clause. Today's line-up evidenced that 102 votes-the number necessary for emergency passage-can not be obtained and created some oubt whether a bare majority of 77 will be obtainable.

The Democrats have but 79 votes in the house. If as many as three of their number do not support the NRA they opposed Alfred E.
